

WESTLEY ANDREW

FULLSTACK DEVELOPER

After a number of years working as an engineer in the telecom industry I made the decision to **change career path** and become a **fullstack developer**. I have recently completed the **top rated** Le Wagon coding bootcamp and I am keen to **develop my skills** and **further my career** in a full time position.

PROFESSIONAL SKILLS

Ruby
Ruby on Rails
Javascript(ES6)
HTML 5
CSS3/SASS
Bootstrap
Github
Linux
Heroku
SQL
MVC Architecture
TDD (RSpec, Minitest)
Technical Project Management
Team Management

PERSONAL SKILLS

Friendly and easy to work with
Motivated
Willing to keep learning
Good communicator
Problem solver
Able to mentor
Meticulous planner
Take ownership when needed

CURRENT LEARNING

ReactJS and NodeJS
Python
Django
AWS
Javascript (in more depth)

RELEVANT EXPERIENCE

LE WAGON LONDON

JULY 2019 - September 2019

I am a recent graduate from the Le Wagon bootcamp. The 9 week intensive course covers OOP, **Ruby**, the MVC Model, TDD, DB Schema Design, SQL, **Javascript**(ES6), Bootstrap, **Ruby on Rails**, git, Github, APIs, UI/UX and Heroku. During the last three weeks of the bootcamp I worked on two major projects:

Streetshare - I successfully pitched an idea for the final team project and I presented it at the final Demo Day. The project used **Ruby on Rails**, HTML, CSS, **Javascript**, git/GitHub and PostgreSQL.

Drive Away - My team also completed a week long project to develop an AirBnb clone, a marketplace to rent cars. The project used **Ruby on Rails**, HTML, CSS, **Javascript**, git/GitHub and PostgreSQL.

PREVIOUS EMPLOYMENT

VOIP ARCHITECT AND DEPLOYMENT MANAGER

Liquid Telecom | May 2017 - July 2019

Varied role working on a project to deploy a Unified Comms platform in six African countries.

VOICE NETWORK MANAGER/SENIOR VOICE ENGINEER

Liquid Telecom | July 2010 - April 2017

These roles involved the operational support of Liquid Telecoms wholesale international voice network and internal phone system.

VOICE/NETWORK/SOFTSWITCH ENGINEER

Level 3 Communications | May 2000 - June 2010

I had three distinct roles in my time at Level 3 over a ten year period. All were highly technical and involved the support of voice, data and transmission equipment.

NETWORK MANAGEMENT DESIGN ENGINEER

MCI Worldcom | November 1998 - April 2000

I was part of the international engineering group and worked on projects to deploy Network Management Systems in Europe.

SENIOR DESIGN ENGINEER

Ericsson Limited | October 1994 - November 1998

This role involved software design, development and function testing on the Ericsson AXE 10 switch.

EDUCATION

M.SC - COMMUNICATIONS, CONTROL & DIGITAL SIGNAL PROCESSING

University of Strathclyde, Glasgow | 1993 - 1994

B.ENG - ELECTRICAL AND ELECTRONIC ENGINEERING - 2.1

Heriot-Watt University, Edinburgh | 1989 - 1993
